Certificate Awards Program

The Marine Corps Awards for High School Students
Semper Fidelis Music Award
High school musicians embody many virtues that we, as Marines, admire. To help high schools promote recognition of achievements and sacrifices their musicians make, the Marine Corps provides the "Semper Fidelis Music Award." It's an award with tradition that dates back to the days of John Philip Sousa and his role in making the Marine Corps Band the premiere musical unit it is today – "The President's Own." The award need not be geared toward the top notch instrumentalist who may be receiving music scholarships, but can be used to recognize your competent musician who has shown yearly improvement, dedication and enthusiasm.
Distinguished Athlete Award
The Distinguished Athlete Award is another popular facet of our pro-

Semper Fidelis Award
